

60x45cm Combi-Microwave Oven, TFT Display Modern Series

\$ 4.999

FMOD4077MTS3

This Bertazzoni Modern Series 60x45 cm combi microwave has 7 functions. It offers all the benefits of a multi-function electric oven and microwave oven in one. With two levels, it is big enough to cook for the whole family and features two technologies for the versatility of convection, regular or grill-heating modes.

The microwave has five power levels and boost function to significantly reduce cooking times compared to a conventional oven. Controlled with a full touch TFT display. The door has a soft motion mechanism.

Available in Mirror Gold, Mirror Obsidian, and Mirror Bronze.
