

90 3-Segment 5-Burner Gas hob Professional Series

PM36500X

Bertazzoni Professional Series 90 cm segmented cooktops have combinations of gas cooking in three 30 cm segments. The combination is factory assembled for a seamless top with a single cut-out for ease of installation.

This all-gas 5-burner model has two segments either side with rapid and semi-rapid burners, and a versatile dual-burner segment in the centre. The distinctive gas burners are manufactured in solid brass.

The low-profile design fits the standard cut-out for a 90 cm hob. It has been developed so that it also matches Bertazzoni Design Series appliances.

Accessories include griddle plates.

Products and packaging are 99% recyclable 

Colours shown will vary depending on your screen settings and resolution. Contact your dealer for further advice.

Specifications

Features
